Detached Villa

Price € 985,000

La Duquesa

Costa del Sol

Spain

Bedroom: 4

Bathroom: 4

A modern villa with spectacular sea views from any corner of the house. Designed and set on 2 levels, with floor to ceiling windows that allow light to enter the interior and is protected from the sun by its architecture and layout. With a southeast location and parallel to the beach, this beautiful villa, like all our villas, will have the energy certificate A.

The villa has 4 bathrooms and 4 bedrooms, all with views of the Mediterranean and access to its terrace. This villa has been designed using the latest techniques to have an ecological and low maintenance building.

All the qualities we use into our houses are high standard, we only use the best marbles, woods and carpentry for our luxury designs. Our in-house interior designers will work together with you to find the best choices in furniture and finishes. This villa is conceived under the need of a self-enclosed villa, protected from the exterior but at the same time flowing and opened to the pool and garden. The façade of the house is visually connected through the movement of the staircase together with the pool and the chill out areas as if it was a real scale painting.

This villa is strategically located in the Costa del Sol very close to various ports: Sotogrande, Duquesa and Estepona. You will find all kinds of services such as restaurants, international schools, polo and golf within minutes. Your new home is made to live comfortably, with amazing views overlooking the Mediterranean Sea and short distance to the beach
