Fantastic two bedroom apartment on the Doña Julia golf course. Integrated in the golf course, very bright and contemporary style.

The urbanization of 49 houses, sits naturally in the relief of the golf course with its rolling terrain, its wooded spaces and open sky, integrating in its gentle slopes. And all this joins other sensory experiences such as the smell of fresh grass or the peaceful sound of the countryside, and is complemented by the scenic backdrop of the sea.

The interior of the houses reflects the open and contemporary character of its architecture through its careful design and the studied distribution of its wide spaces, which connect directly with the green carpet that is the golf course. It offers you the unique opportunity to enjoy an urbanization interrelated with nature and the characteristic landscape of its golf course.
