Luxury frontline beach apartment on the New Golden Mile. From its spacious terrace one can take pleasure of the stunning views of Africa and the Strait of Gibraltar. In the common areas of the complex there is a fantastic pool amid exquisitely maintained lush gardens and with direct access to the promenade. Next to the pool there is a small bar for the exclusive use of homeowners. In the same environment can enjoy a fully equipped gym, sauna, jacuzzi, children's pool in an enclosed and 24 hours security. Together with the spaciousness and brightness of the rooms it should be highlighted the quality of the materials used in construction, such as cream marble floors, underfloor heating in the house, sound insulation between dwellings, light dimmers in living room and master bedroom, home automation system KONNEX, placated and travertine marble tops in bathrooms, Siemens appliances in the kitchen.
